PROFESSIONAL SUMMARY

I am a front end web developer that is looking for an opportunity to continue to learn while contributing to a modern development team. I spent 3 years as a Technical Support Specialist where I picked up the front end skills I used to transition to my current role in development. Having spent the better part of a year now in a pure development position I am excited to keep learning and bring my steadfast determination and personality to a new role. I am looking for an opportunity to build upon the strong foundation that I have worked hard to acquire and am eager to keep learning.

SKILLS

- SASS, CSS, Bootstrap, jQuery, ReactJS, Javascript, HTML, PHP, Twig, Liquid
- Shopify, Jira, Github, Bitbucket, Jira, Wordpress, Drupal
- Photoshop, Illustrator, Premier, Sublime 3, PHPstorm, VSCode, GIT, SVN, Gulp, Grunt, Webpack

WORK HISTORY

Technical Support | Pixel Union - Victoria, BC 10/2015 - 10/2018

- Identify, fix and log theme bugs in bitbucket and Github
- Recognizing areas of improvement within themes and apps to improve our products and support our customers
- Provide technical support to merchants and helping to identify issues and solve them
- Making customizations based on the customers needs with JS, jQuery, CSS/SCSS, Liquid and HTML

Developer | Verb Interactive - Victoria, BC 10/2018 - 05/2019

- Receive daily tasks on a variety of site using Jira and Redmine
- Pull down, push up repos using GIT (Gitlab) or SVN
- Communicate with the Account Managers with specifics of each task
- Analyzed requirements and designed, developed and implemented software applications for multiple websites on Wordpress and Drupal
